Superior packaging coupled with efficient freight handling by our supply-chain partner ABF Freight System®, means Best-Rite® enjoys the lowest claim ratios in the industry. ABF® and Best-Rite® have a thriving partnership built on devotion to quality in all things. Together we ensure that Best-Rite® customers receive shipments on time, intact, and damage free.

Notebook

Innovative "book style" design using multiple double-sided panels increases writing surface by up to 300% while controlling presentations by revealing information with the turn of each panel.

- Ideal for office cubicles or where space is limited.
- Available in two sizes, the Notebook gives you six writing surfaces and one tackboard surface.
- The base panel consists of a porcelain steel markerboard complete with accessory tray.
- The front panel is a vinyl tackboard and the back of the front panel and two interior panels are Dura-Rite™ dry-erase boards.
- All markerboard surfaces provide superior write-on and wipe-off without ghosting.
- The base and exterior panel is factory framed in anodized aluminum trim.
- Plastic molded knuckles providing extra durability and support, hold the panels together.
- Can be clamped to any partition or door using the expandable hanging brackets included.
- The brackets expand from 1" to 2.5".

Wallbook

The innovative concept of combining several Best-Rite® boards provides the next generation of markerboards. The Wallbook provides presentation control by allowing the presenter to reveal information with the turn of each panel.

- Available in two sizes, 6 feet wide with 96 sq. ft. of writing space, 24 sq. ft. of tacking space or 8 feet wide with 128 sq. ft. of writing space, 32 sq. ft. of tacking space, the Wallbook provides more than three times the writing surface in less space!
- Perfect for the boardroom.
- The base of the Wallbook is a porcelain steel markerboard complete with a full-length 1" map rail and accessory tray with rubber Dura-Safe™ corners.
- The two exterior panels are vinyl tackboard and the back of the exterior panels and the interior panels are Dura-Rite™ dry-erase boards.
- All markerboard surfaces provide superior write-on and wipe-off without ghosting.
- All panels are factory framed in anodized aluminum trim.
- The panels are hinged together using continuous non-pinching piano hinges.
- Includes hardware to adhere to any wall surface.

Quantum Markerboards

- Quantum boards feature a unique high-pressure laminate surface that is also magnetic framed in a sleek black band, perfect for office decor.
- The dual use as a magnetic tackboard or a dry-erase surface makes this board an excellent office companion.
- Surface is wear-resistant, dust-free, and resists stains, high temperatures, common detergents and chemical agents.
- Accentuate your board with the optional magnetic Q-tray to hold your writing accessories. The magnetic Q-tray is a very light, sleek designer style tray made out of injection-molded plastic with a magnetic backing to allow positioning on any part of the board.

Making your office Work for you!

Best-Bite® Tackless Paper Holders

Best-Bite® is the safest way to display paper! No pushpins, tacks, or staples are needed. Display art, posters, calendars, charts and other material without leaving holes. The unique roller system provides a secure hold and quick release. Includes three mounting options: double-sided adhesive tape, set of magnets and screws. Best-Bite® is secured to the wall by first attaching the plastic extrusion, then snapping Best-Bite® onto the extrusion.

- Works alone, or attaches to new or existing boards!
- Secure hold and release

Tackboard Display Rails - 3"H

Display Rails offer a durable, continuous surface with excellent tack holding properties to make an ideal exhibit for office, hallways and reception rooms. Display notes, photos or artwork on a 3" high tackable surface. Consists of a durable vinyl or 100% Natural Cork surface that has been laminated to a core of 1/2" thick insulation board. The fabric-backed vinyl surface resists glue, dust and daily soil, but cleans easily with detergent and water. Includes L-clips for installation.

- Vinyl and cork are permanently laminated to 1/2" thick insulation board.
- Factory framed in a 1/2" thick anodized aluminum extrusion.
- Offers excellent tack-holding properties.
- Vinyl or cork surface are self-healing and retains resiliency.
- Vinyl surfaces are treated to resist bacteria, mold and mildew.
- 3"H surface.
